Our church is investing in our community's children and young adults, and we want you to help!

Project Transformation is transforming communities by engaging **Children**, **College students**, and **Churches** in purposeful relationships, because PT envisions a world that is rooted in love, pursues the equity of all people, and amplifies God's call on every life.

PT's approach to community transformation: The 3 Cs

- **Children** from overburdened neighborhoods improve their literacy, social-emotional, and spiritual development through participating in summer literacy focused camps.
- **College** students invest in the lives of children through paid internships and living in community, exploring their calling, and developing as servant leaders.
- **Churches** wrap around PT's out-of-school time programs, reconnecting and building relationships.

Our programs

PT hosts literacy focused summer camps for children led by college students seeking leadership development and professional experience. Programs are designed to build skills in the children served by forming deep relationships that build trust in a restorative process. This happens at churches who host the program.

Ways you can help this summer:
